Featured in the Avatar Facebook page.LOS ANGELES — Chad Michael Murray has called it quits as a member of 2 Chainz's personal protege Rich The Kid's new crew, as The Death Certificate was seen in New York City last week. A source told XXL that the trio's relationship started to come to a close before St. Patrick's Day, when the stardom-seeking Rich The Kid and his posse of friends rocked up on the Lower East Side. Chad Murray's reps wouldn't confirm any breakup but did say that he's still working with Rich The Kid, who is currently trying to be the next Chief Keef. Two days before meeting up with Rich The Kid, Chad Murray was spotted getting out of a limo in Union Square, which was when the news broke about his hiatus from the crew. Just weeks prior to their first meeting, Rich The Kid posted a picture of the death certificate Murray signed on his Instagram account, which was sent to 4-BDRobot, the Los Angeles emcee who has worked with both men. Back in April, 2 Chainz paid Rich The Kid a visit at his New York City recording studio and nearly lost his mind when he heard that Chad Murray was staying in the building. "When I found out that Chad was staying in the building," 2 Chainz said to XXL in April, "I started calling him, 'Yo Chad, come to the studio! Come to the studio, man! What the f***?' But then you had to get the police and everything on the phone." "Me and Rich The Kid and all the other dudes that was in the building were all on the same floor but he moved into another building," Chad Murray added. "Me and Rich, we're roomies. We're always fucking around, making up songs and shit, just messing with each other." Chad Murray has also collaborated with 2 Chainz on the remix to "SAT" and has his own single, "Thump."Q: Configuring config.xml for Symfony I'd like to have a Symfony 2.4 project, and it has this in its config.yml:
