Kindred Spirits on the Roof Drama CD Vol.4 or Kindred Spirits Drama DVD Vol.4 is an OVA of the Visual novel Kindred Spirits on the Roof. Plot Kindred Spirits on the Roof Drama CD vol. 4 began in the middle of a drunken party at the convention in the Doha Exhibition Centre. Everyone was celebrating when Nahari, a new transfer student, joined the club. Later, a group of people without knowledge of the Kindred spirits are sealed away by the club. However, they are discovered by Gyrodin. In the second part of the story, Gyrodin explained many incidents about the secret organization and its members and also introduced the room that Chirico was trapped in for two years. Gyrodin later visited where Chirico was being held and went to investigate what had happened to him. The organization then used all the members under them and sealed them away so that they wouldn't reveal to anyone the actions they took. Chirico used to be one of the organization's members, but when their object fell in love with a girl, he refused to work any more, and so he was put away. Gyrodin waited for two years to have a meeting with him, and after making that meeting, she began showing up to his house every day. In the third part of the story, Gyrodin questioned Chirico about the conditions in the house and uncovered many secrets as a result. Because the house was designed by a famous architect, it was decided that the house will be completed soon. However, soon after returning, Gyrodin fell into this world and lives in Kinyan. As she was escaping from the Kindred spirits, she held up a strong resistance in her body and ran away quickly. She promised to return to Chirico, and told Chirico to hold onto her. After Chirico promised that he would, she disappeared. Next, in the fourth part of the story, Gyrodin rose up and the land on top of the house was opened up. Through a lot of hard work in the five days of her life, she revealed her memories to Chirico. Frosia, who loves Chirico and has a strong feeling for him, also returned to the real world. Lastly, in the fifth part of the story, Gyrodin and Frosia meet Chirico and are reunited with him. Production Main characters in the OVA Gyrod

The unnamed 66-year-old driver was arrested and charged after Washington detectives on Tuesday night found the estimated 26 pounds (11.3 kg) of marijuana in the cab. Police identified the driver on Wednesday by searching the body of his smartphone, which was found in the back of his cab, said Detective-Sergeant Christopher Hill of the Washington Metropolitan Police Department. “The phone showed the last number he used was his cell phone,” he said. Detectives found digital video footage of the driver putting the sandwich and chips in the trunk of his taxi a few blocks away in Rosslyn, Virginia, according to police. “I chose a sandwich when I got in and, you know, it was right there in the back.” The driver denied ownership of the marijuana and said he got it from another male in his life, identified only as “Robert,” officials said. Police were also looking for the 31-year-old male passenger and are offering a \$2,000 reward for information leading to his capture. The passenger was described as a black man last seen wearing a black New Era baseball cap backwards, a grey T-shirt and jeans. The driver of a red Honda Civic picked up the male passenger, identified by police as a homeless man, at the Rosslyn Metro station and was subsequently charged with drug trafficking and conspiracy charges, Hill said. After police stopped the taxi in New York City, “Robert” ran from the vehicle, fleeing the area with two backpacks. “The driver was cooperative. There was no threat to the public or himself,” Hill said. Police at first detected suspicious activity in the parking lot of a McDonald’s restaurant in
