## Cps R05.09 Software Motorola Cp040

lenovo applications also collect information about your device, for example through sensors that collect information about your device and the products you use or attach to your lenovo product(s), such as the manufacturer of your lenovo product(s); the capabilities of your device, including product information; and information about your use of your lenovo product(s) or services on other devices. for example, motorola application software or applications from third parties may collect information such as your device characteristics, device settings, the application(s) you are using, and the networks you connect to, as well as information about your use of your motorola application(s) on your lenovo product(s) or on other devices. this information may help us and our third party service providers improve the applications and services we offer. motorola applications collect information about your device if you provide this information to motorola when you set your device to sync with our servers. for example, motorola applications may collect information about your device when you set your device to sync with our servers to download a new software upgrade, to update your preferences, or when we determine that the device is newly registered or newly activated. information about you and your lenovo product(s) that is collected by an application from an operator, the isp or application provider that provides the service on the device, or an independent application (such as an application from a public wi-fi network) may be sent to the application provider who provided the service. this information may be collected if your device is configured to allow it to receive and process communications from the operator or isp or application provider that provided the service. 5ec8ef588b
