## Security Reviver 2.1 Key Keygen

Virus Removal: The PC Reviver comes with its own free anti-malware engine that quickly scans the PC for threats. The main function is to support many third-party anti-malware programs, and to remove all threats that are detected. As soon as a threat is detected, the user is alerted and a wizard appears that guides the user step by step through the removal process. The programs that are provided are supported by the manufacturer's directly in the library. In addition, PC Reviver can be used as an intermediate: If the user simply does not have the anti-malware programs in the PC Reviver
