As Court Opens, Sea-Turtle Act Activists See A Chance For Change Feb. 22 — Sea-turtle activists are worried about the fate of the endangered turtles they've been helping for decades. But they're also cautiously optimistic that a new president and new Latin American leaders might be willing to enact legislation that hasn't happened since 1991. International concerns are high because in the second half of the 20th century, nearly half the world's sea turtles were harvested for their meat, eggs and shell products. It became a hotly debated practice during the 1980s, when U.S. wildlife managers were trying to improve the species' habitat in regions like the Florida Keys, Martin and south Louisiana. Supporters say the growing population of sea turtles in Florida means an endangered species may be closer to extinction in the wild
